PUNCH IRREGULARITIES

Arrow Key Shortcuts

Press Left or Right arrow to cycle through employees.

Infinite Loop

Cycles seamlessly from first to last team member.

Instant Prefix Search

Type names directly to jump to any staff profile.

Punch Workshop

PUNCH WORKSHOP

09:00

+ Create Block

09:00

18:00

Dustbin

All punches strictly ignore seconds (09:51:40 reads as 09:51). Drag any pill into empty slots or swap within the same date row.

No Seconds Counted

Seconds truncated directly without rounding up.

Peer Punch Copy

Copy colleague clock times directly from empty slots.

Double-Click Dustbin

Double click dustbin to wipe all custom tray blocks.

Deductions & Lunch

Date	Clock In ʘ	Lunch Duration	Late (Work)	Late (Lunch)	Early Leave	Total Deduct	Status / Alert
2026-05-04 (Mon)	09:15	1:24	0:15	0:14	--	0:29	Normal
2026-05-05 (Tue)	08:58	1:02	--	--	0:30	0:30	Early up 30 mins

Red Lunch Text

Lunch over 70 minutes colors bold red without background tint.

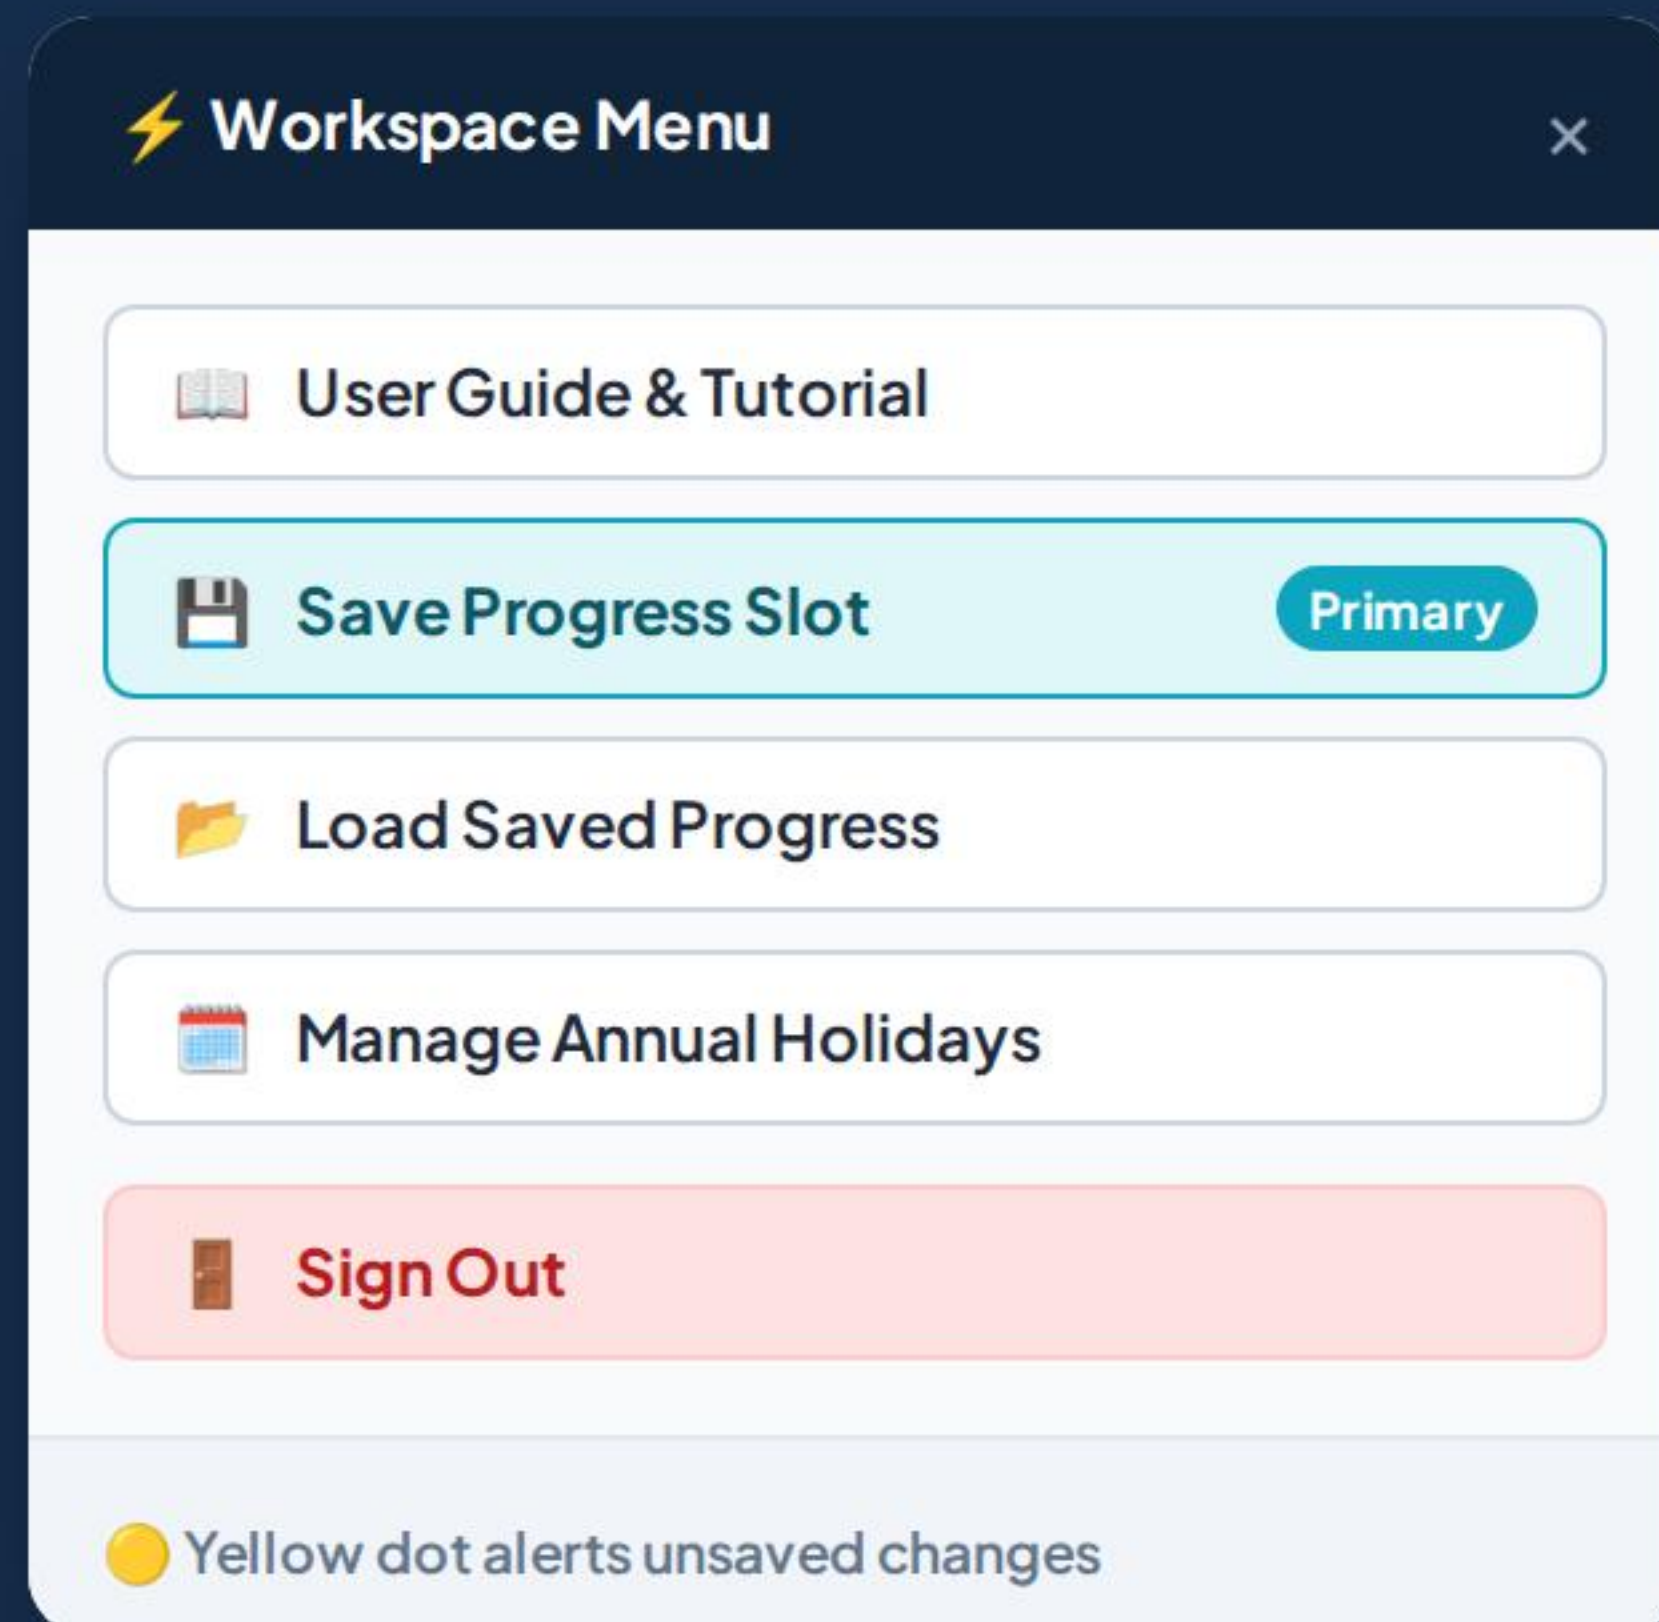

Early Leave First

Early departure column sits directly before Total Deduct.

Summed Deduction

Total Deduct sums Late Work, Late Lunch, and Early Leave.

Workspace Menu

Save & Restore Progress

- **Create Custom Slots:** Save review milestones (e.g. *"May 2026 - Final Review"*).
- **Safe Overwrite:** Update existing saves with an automatic confirmation alert.
- **Instant Restore:** Reload previously saved employee punch cards and leave tags in one click.

Holiday Config & Safety Checks

- **Database Holidays:** Add annual holidays with Enter-key submit and blank validation.
- **Amber Alert Dot:** Top bar indicator lights up when changes are not yet saved.
- **Sign Out Guard:** Prompts a confirmation warning if signing out with unsaved adjustments.
